

REPLIES TO BIDDERS' QUERIES

Tender No. IGL/ET2/CP/CP17636

RATE CONTRACT FOR CALIBRATION AND TESTING OF GAS FLOW METERS

S.No.	Page	Tender Clause No.	Clause	Description	Bidder Queries	IGL Replies
1	52 of 84	9.1 u/s IV (SCC)	PENALTY	The completion time shall be 30 days from the date of intimation of the gas meter by IGL, failing which a penalty of Rs. 100/day/meter shall be levied on the vendor with a ceiling of 25% of the SOR rate (including taxes) of the respective item.	<p>As per the scope vendor has to perform following activities like: - Meter inspection at site, waiting for meter transfer (from IGL CR to IGL store) after inspection, transportation to & fro, initial calibration, error adjustment & further recalibration is in vendor scope. The total given time for execution is 30 days from the date of intimation by the EIC. The given time 30days is very less because meter transfer to your store is a big task and the LD value is also too high 25%. The bidder is requesting IGL kindly extend the delivery period at least 60 days. Or we can accept delivery time 30 days from the date of receiving from store to upto delivery to store. The bidder is requesting IGL to reduce the penalty ceiling limit 25% to 5% max, this will reduce overall loading in quoted price. Kindly accept the above...</p>	Refer Corrigendum-3
2	51 of 84	6.2 u/s IV (SCC)	DURATION OF CONTRACT/COMPLETION SCHEDULE	The completion time shall be 30 days from the date of intimation of the gas meter by IGL.	The bidder is requesting to extend the delivery period at least 60 days from the intimation, or 30 days' time is also accepted from the date of receiving from store	Tender Condition Prevails
3	60 of 84	1.3 (e) u/s V (SOW)	SCOPE OF WORK	After adjustment of gear & bearing, if error is beyond the acceptable limit (As per EN standard) then it shall be brought to Notice to IGL immediately and No charges shall be payable to the vendor for such meters.	<p>As per the scope of work bidder will put all efforts to bring the meter within permissible limit however if due to other defective if the meter still exceeds the EN acceptable limit, it's not bidder fault and should not be penalised. Therefor the bidder is requesting to IGL kindly allow minimum charges to bidder for calibration efforts & transportation. (it may be 50% of the quoted price). Kindly confirm</p>	Refer Corrigendum-3
