ANNUAL RATE CONTRACT FOR LAYING 3LPE STEEL PIPELINE  
IN STATES OF DELHI, HARYANA, UP AND RAJASTHAN

**Replies to Bidders' Queries - 1**

Sr. No.	Clause	Tender Condition	Query	IGL's Reply
1	SOR Item No 6	Installation of Casing pipe for Railway/Road crossing	Are you considering soil as hard rock? Because you mentioned the rates for casing supply and installation for all types of soil in SOR item no-5, but you did not mention hard rock. Please clarify how the rate for casing supply and installation will be determined for hard rock	Casing pipe supply & Installation using HDD in all types of soil condition including rocky terrain shall be paid as per item no 6 of SOR only. For carrier pipe payment shall be made as per terrain conditions. Tender conditions prevail.
2	SOR Item No 4	Installation of Steel Carrier Pipe at Crossings without casing pipe (HDD/MOLING METHOD)	Please clarify the depth of the HDD section, what will be the minimum depth if there is a nala or river crossing, because you have not mentioned it in SOR item no-4, as the depth of most crossings is as major minimum 12-15 meter, you have not provided the rate for the same.	For HDD crossings for carrier pipe as per SOR item no 4, minimum depth is defined as per PNGRB T4S standards and there is no maximum depth defined. Maximum depth shall be as per site conditions/ client requirements. No separate payment shall be made for any extra depth etc. Vendor shall quote accordingly. Tender conditions prevail.
