TENDER DOCUMENT NO.IGL/ET2/CP/CM18056
Annual Rate Contract For Supply of Personal Protective Equipment for CNG/ PNG Control Rooms, Emergency
Control Centers (ECC), Emergency Response Vehicles (ERV) & CNG Stations

REPLY TO PREBID QUERIES

Sr No.	Section	Tender Clause	Page No.	Description	Bidder Query	IGL Remarks
1	V	SCOPE OF WORK Clause no. 1.1 (V)	60	Clause 1.1 (V)- It shall have ventilation holes to provide comfort. Clause 1.1 (X) -The safety helmet shall have penetration resistance against sharp and pointed objects, flame resistance & electrical insulation upto 1000 Volt AC or 1500 Volt DC.	As per Clause 1.1 (V) - It shall have ventilated hole. But Clause 1.1 (X)- It says the helmet should be resistant to electricity. We wish to bring to your kind notice that ventilated helmets are not electrically resistant & electrical resistance helmets are not ventilated.	IGL primarily requires safety helmet with flame resistance & electrical insulation upto 1000 volt AC or 1500 volt DC. However, it is up to the bidders to decide whether the safety helmet includes ventilation holes or not (Either safety helmet with ventilation holes or without ventilation holes will be acceptable).

Note:

1. Please note that only the clarifications of the queries received from the bidder's are replied in this corrigendum, under reply to bidder's Query.
2. All other terms & conditions of tender document remain unaltered.
3. Bidders are requested to visit IGL website / IGL's tendering website <https://petroleum.ewizard.com> regularly for further announcement
4. Please submit the signed and stamped copy of this corrigendum along with your offer.
