TENDER DOCUMENT NO.IGL/ET2/CP/CM18388  
 Appointment of Consultant to Undertake BRSR Core Assurance

**REPLY TO PREBID QUERIES**

S.NO	Section	Tender Clause.	Page No.	Description	Bidder Query	IGL Reply
1	I	Technical BEC Clause no. 7.1 (a) of IFB	7	Bidder must have the experience of conducting the BRSR Core Assurance (Type of Assurance Reasonable Assurance) for an Oil & Gas company /Utility company/Power Company for single order of at least Rs. 4.70 Lacs in previous 7 years reckoned from the date of floating of tender.	<p>We request for reconsideration of the condition requiring prior "experience in providing BRSR assurance specifically to Oil &amp; Gas companies for single order of at least Rs. 4.7 Lacs.</p> <p>While we fully understand the need for experienced and competent assurance providers, we believe that restricting eligibility based on sector-specific experience may limit competition and exclude highly qualified firms that bring strong expertise in BRSR assurance across multiple industries, including those with sustainability and environmental reporting requirements similar to Oil &amp;</p> <p>It is also notable that BRSR is industry-agnostic—the principles and methodologies of BRSR assurance remain largely consistent across sectors. Many ESG and sustainability parameters applicable to Oil &amp; Gas (such as GHG emissions, climate risk management, governance, and stakeholder engagement) are equally critical in high-impact industries like Banking, Power, and Heavy Industries, where Joint Values has extensive experience.</p> <p>By focusing on the competence of the assurance provider rather than past sector-specific contracts, IGL can select firms with the most relevant skills and thought leadership in sustainability, rather than restricting selection based on past clients alone.</p>	Tender conditions prevails
