Date: 04.07.2023

Sl. No.	Clause No./ Spec. No.	Description	Bidder's Query/Clarification	IGL/VCS Reply
Technical				
1	-	General	You are kindly requested to Provide us KMZ File from Segment 1 to Segment 9	Refer Corrigendum-1
2	-	General	Request you to share the KMZ file for the subject work and oblige please.	Refer Corrigendum-1
3	Clause 8.1 BEC-Technical	The bidder should have successfully completed minimum length and size as shown in Table below for pipeline laying involving installation, testing and Pre-commissioning / Commissioning of buried hydrocarbon steel pipeline (300# class and above) in single contract / work order for any hydrocarbon / City Gas Distribution entity within last 7 years reckoned from the date of issue of tender	That we have completed Installation, Testing and Post-Hydrotest of buried hydrocarbon steel pipeline (300# class and above) in single contract / work order for Ranchi CGD for 8"/12" x 17km and our Client is GAIL India Ltd. They have also issued Execution Certificate certifying the work. Our contention is, would Post-Hydrotest qualify as Pre-Commissioning, since there is no provision of EGP in our Tender and Client being GAIL does not the section purged with Nitrogen	The execution certificate will only be accepted if the Client confirms that the pipeline has undergone testing, approval and is ready for commercial use. "Ready for Commercial use" will be considered qualified as per BEC clause 8.3(c.).
