Date: 28.06.2023

SI. No.	Clause No./ Spec. No.	Description	Bidder's Query/Clarification	IGL/VCS Reply
1  (SI. No. 5 of Technical, Replies_to_bidders_queries, floated on dated 26.06.2023)	Clause 8.1 BEC-Technical	"The bidder should have successfully executed minimum length & size as shown in table below for pipeline laying involving installation, testing and pre-commissioning / commissioning of buried hydrocarbon steel pipeline (300# and above) in stretch as defined in remarks column for any City Gas Distribution Entity or Hydrocarbon Entity during preceding 7 years reckoned from the date of issue / floating of tender:  Minimum dia: 12" Minimum Laying: 1km Remarks: Single River crossing job of minimum 1 km in length & size 12" for steel pipe of class 300# or above for any hydrocarbon entity."	we have executed works for IOCL in the Ennore-Ramanathapuram RLNG Pipeline, wherein we have completed Single Shot HDD of 1km x 24" of 300# and have completed EGP as last activity under the tender. As per specifications of IOCL, the asset is considered ready for Commercial Use after completion of EGP by an HDD Vendor (which is our case) and the same is equivalent of commissioning and the same (that asset is ready for commercial use) is mentioned by them in the Execution Certificate issued by them.  Request you to confirm basis the same we will qualify for the subject job so we can submit our techno-commercial bid and oblige please	It is understood that the asset is ready for commercial use, upon Precommissioning & Commissioning . Hence "commercial use" will be considered qualified as per BEC clause 8.3(c)".
